

## WiNS fellowships for postdoctoral researchers

### Call for proposals

**WiNS Adlershof** and the **PostDoc Center Adlershof** are offering fellowships for visiting postdoctoral researchers, sponsored by the **Einstein Stiftung** in cooperation with the **Berlin University Alliance** with the aim to promote opportunities for exchange and support the career development of female postdoctoral researchers in an international context.

### Purpose

Five WiNS postdoctoral fellowships are available for female postdocs from research institutions or universities abroad who will be invited to come to Berlin for a period of approximately 4 to 6 weeks.

The aims of the fellowships are to:

- Strengthen the scientific connections of the fellows and help extend their professional network and/or
- Prepare or start a new collaboration project with HU researchers and/or
- Participate in scientific events and present their own research and/or
- Increase the visibility of female postdoctoral researchers

All fellows will be invited to participate and present their research at the „**Future WiNS: New energies for a sustainable world**“ conference on 7-9. December in Adlershof. In principle, all research topics are welcome, but applications related to this focus are especially encouraged.

### Timeline

Deadline for applications: **August 29th.**

Announcement of selected candidates: **September 15th.**

Research visits: **November and December 2022**

### Financial support

The fellowships consist of a 4.000 EUR bulk sum which can be used by the fellows to cover all expenses during their stay in Berlin such as: travel expenses, accommodation and living expenses, conference registration fees and other.

### Eligibility

Proposals can be submitted by postdocs, group leaders and professors from the five departments of the Faculty of Mathematics and Natural Sciences at the HU Berlin who would like to invite an international female postdoc to visit their research lab in Berlin.

### Application

Please submit as a single PDF to [Petya.jordan@hu-berlin.de](mailto:Petya.jordan@hu-berlin.de) :

- the PDF form (filled out by the inviting researcher)
- the CV of the candidate
- a short (1/2 page max) motivation letter by the candidate
- a host statement confirming that the invited candidate will be hosted by the HU Berlin

Deadline for applications: **August 29th.**
