Online Workshop

Dr. Mariam Fishere

Me and My Supervisor

In this workshop, doctoral candidates will focus on the importance and the complexity of the doctoral supervisory relationship. The workshops will cover three main aspects, namely (1) active design of the supervisory relationship, (2) navigating hierarchies, and (3) effective communication. Participants in the workshop will be introduced to strategies for establishing and maintaining a productive relationship with their supervisors. They will learn how to navigate the sometimes challenging relationship with their supervisor, address problems professionally, and build positive interactions. Advice is given on the basic structure of the supervisory relationship in Germany.
